The following words are very common and were not included in your search: **at the**. [\[details\]](#)

Patents

Patents 1 - 10 on **two users access at the same time**. (0.60 seconds)

Computer system architecture and method for multi-user, real-time applications

US Pat. 6175854 - Filed Jun 11, 1996 - Ameritech Services, Inc.

A popular application of this system is for **two users** to connect their game input ... voice at the **same time** and over the **same** link that it transmits data. ...

Process for **access** control to computer-controlled programs usable by several user units at the **same time**

US Pat. 6199101 - Filed Jun 3, 1998 - Siemens Aktiengesellschaft

PROCESS FOR **ACCESS** CONTROL TO COMPUTER-CONTROLLED PROGRAMS USABLE BY SEVERAL USER UNITS AT THE **SAME TIME** BACKGROUND OF THE INVENTION Standard one-user ...

System and methods for improved file management in a multi-user environment

US Pat. 5692178 - Filed Jul 16, 1996 - Borland International, Inc.

While a shared fashion, ie, by multiple **users** at a given **time**. ... locks blocking other need to let many **users access** the **same** data simultaneously. locks. ...

System and method for simultaneous display of multiple information sources

US Pat. 6724403 - Filed Oct 30, 2000 - Surfcast, Inc.

Thus, the user is denied real-time or near real-time **access** to the information. ... At the **same time** that **users** are limited by system resources, ...

On-line shopping system

US Pat. 5983199 - Filed Jun 30, 1997 - Fujitsu Limited

25 At the **same time** of the **same** day of the week as recorded in the failed-to-access **users** list, or at the **same time** as recorded in the failed-to-access ...

System creating chat network based on a **time** of each chat **access** request

US Pat. 6766374 - Filed May 23, 2002 - Koninklijke Philips Electronics N.V.

If many **users** arrive, or are expected to arrive, multiple chat networks can be formed during the **same time** period, and the **users** that request **access** during ...

System creating chat network based on a **time** of each chat **access** request

US Pat. 6425012 - Filed Dec 28, 1998 - Koninklijke Philips Electronics N.V.

If many **users** arrive, or are expected to arrive, multiple chat networks can be formed during the **same time** period, and the **users** that request **access** during ...

Method and apparatus for coordinating concurrent updates to a medical information database

US Pat. 5546580 - Filed Apr 15, 1994 - Hewlett-Packard Company

... it is imperative to control **access** by each 20 individual user to each record so that **two users** do not modify the **same** record at the **same time**. ...

Concurrent user **access** control in stateless network computing service system

US Pat. 6035404 - Filed Sep 9, 1997 - International Business Machines Corporation

In another case, the current user could be given a **time** limit for logging off ... number of concurrent **users** allowed to **access** the system at the **same time**. ...

Reverse link for a satellite communication network

US Pat. 6240073 - Filed Nov 14, 1997 - Shiron Satellite Communications (1996) Ltd.

20 The decision to switch back to the random **access** mode is made basically ...
frequency and **time** among the trans-missions of **two users** as shown in FIG. 2. ...

Patents

Patents 1 - 10 on **two users have same access rights**. (0.33 seconds)

Caching based on **access rights** in connection with a content management server system or the like

US Pat. 6959362 - Filed May 7, 2003 - Microsoft Corporation

In addition to exact **same access rights**, other filters may also be ... **same access** right as between **two** equivalent **users** sharing the exact **same** user groups. ...

System and method for providing database **access** control in a secure distributed network

US Pat. 6085191 - Filed Mar 25, 1998 - Sun Microsystems, Inc.

If some of the **same** event notifications are included in **two** (or more) different ... the user does not **have access rights** are rejected by the SQL engine 286. ...

System and method for restricting database **access** to managed object information using a permissions table that specifies **access rights** corresponding to user **access rights** to the managed objects

US Pat. 6038563 - Filed Mar 25, 1998 - Sun Microsystems, Inc.

If 15 some of the **same** event notifications are included in **two** (or more) ... set of **users** with **access rights** to the 45 tables making up the event log 282; ...

System and method for restricting database **access** to managed object information using a permissions table that specifies **access rights** to the managed objects

US Pat. 6236996 - Filed Dec 16, 1999 - Sun Microsystems, Inc.

If some of the **same** event notifications are included in **two** (or more) different ... the user does not **have access rights** are rejected by the SQL engine 286. ...

Distributed system and method for controlling **access** to network resources and event notifications

US Pat. 5999978 - Filed Oct 31, 1997 - Sun Microsystems, Inc.

If 25 some of the **same** event notifications are included in **two** (or more) ... event notification messages only to **users** in groups who **have access rights** to ...

Concurrent user **access** control in stateless network computing service system

US Pat. 6035404 - Filed Sep 9, 1997 - International Business Machines Corporation

6 20 indicate that **two** concurrent **users** **have** logged onto the system. ... That is, whether the user profile data in the **same** manner as the user mask. ...

Method enabling secure **access** by a station to at least one server, and device using **same**

US Pat. 6657956 - Filed Nov 5, 1997 - Bull CP8

... and the plurality of security scripts, **access rights** of **users** as opening a ... and an inactivity delay which allows the **two** information elements ...

Method of controlling a network element using a service profile and apparatus of the **same**

US Pat. 6499059 - Filed May 13, 1999 - Alcatel

15 A basic idea of the invention is to predefine **access rights** to managed ... **two** external user groups, namely Q-interface **users** and F-interface **users**, ...

Representation of collaborative multi-user activities relative to shared structured data objects in a networked workstation environment

US Pat. 5008853 - Filed Dec 2, 1987 - Xerox Corporation

Users may <COPY> entries 44 from folder 102 to desktop 32 or book 40. ... Usually,

however, a user will **have the same access rights** to an entry 44 as the ...

Distributed system and method for providing SQL **access** to management information in a secure distributed network

US Pat. 6212511 - Filed Oct 31, 1997 - Sun Microsystems, Inc.

If some of the **same** event notifications are included in **two** (or more) ...

objects collectively storing information that specifies **access rights** by **users** to ...
